NEW BUSINESS TO OPEN JULY 10 IN MOKENA

A new business has been located in Mokena which will be of much interest to farmers in Will and Cook counties. It is the formation of a partnership between Chester Ebert of Mokena and Warren Mancke of Tinley Park. They will sell and distribute Thomson Flur Leaf Powdered rock phosphate.

Work has already begun on the construction of a storage bin on a well located space east of the Mokena elevator on the south side of the Rock Island tracks. The most modern phosphate handling equipment will be installed. They expect to be ready to do business by July 10.

Both of these young men are well and favorably known in this locality and should have good success in this rapidly expanding business. They are both experienced in this line of business, having handled agricultural needs. In addition they will also supply potash and mixed fertilizer.

Ebert and Mancke feel particularly fortunate in getting the Four Leaf powdered rock phosphate line. The late George Thomson, founder of Thomson Phosphate company, was a Will county and well known throughout this area; Miss M. C. Boyle, who now heads the company owns a poultry farm just north of Frankfort and spends most of her weekends there.

Farmers will be able to get bulk and bagged phosphate at the plant if they wish to spread it themselves; the complete service of hauling and spreading will be available also. The latter method of handling has become increasingly more popular during the past two years.

The many friends of these two young men are extending congratulations for their courage and confidence in their new venture and wish them every success.

AGNES HARTWIG, HENRY KOEHLER WED JUNE 24

Miss Agnes Hartwig, daughter of the late Mr. and Mrs. Ferdinand Hartwig and Mr. Henry Koehler, both of Tinley Park were united in marriage at a simple ceremony performed in the Zion Lutheran church in Tinley Park, Saturday, June 24 with the Rev. Miller of Midlothian, officiating.

The bride wore a navy blue sheer dress with white accessories and an orchid corsage. Her attendant, Mrs. Alfred Hartwig, sister-in-law, wore a floral sheer print dress with white accessories.

Stanley Warning of Frankfort attended the groom.

Following the ceremony a chicken dinner was served to the immediate family members.

Upon the couple's return from a ten day trip to Wisconsin they will reside at 17232 68th Court, Tinley Park.

Both the bride and groom have been employed by the Service Bakery for a number of years, and are well known in the community. Their many friends wish them much happiness.

DePorto's Honored On 25th Anniversary

Mr. and Mrs. J. C. DePorto of Mokena were honored on their twenty-fifth wedding anniversary held Saturday night, June 24, in the Legion hall, in Matteson. The affair was planned by their sons, Wayne and Wesley. The 125 guests who attended enjoyed dancing to the music of a three piece orchestra.

Mr. DePorto is a policeman in Matteson and the couple received a purse of 25 silver dollars, presented by the mayor of Matteson, on behalf of the village board members. They received many beautiful gifts. A supper was served later in the evening, and Mrs. Ray Meeker of Matteson, Mrs. Elsie Genens, of Frankfort, and Mrs. George Woodcock of Joliet, assisted with the serving.

The guests were from Joliet, New

Orland-Palos School Consolidation Issue Failed to Pass at Election

There were 849 votes cast at the election held in Orland Park Saturday when the proposition of consolidating the Palos and Orland township high schools was the issue. Votes cast in Orland in favor of

The Gold Star bus which serves Frankfort figured in a serious collision with an automobile Monday morning about 11 o'clock.

The bus, going west on route 30 was driven by George Olthoff, 53, owner. And when it was midway across Cicero avenue, it was hit by a car driven by a Mr. Bielinski which was going south. The bus driver tried to avoid the crash and in so doing turned on its side. Police said the marks on the pavement showed the car had skidded about 50 feet before hitting the bus.

In the bus were ten passengers. All were injured and removed to St. James hospital. They are: the driver, said to have fractured ribs; Mrs. Doris Fritznier, 34, and her two children, Dennis 7 and Joyce 3, of Blue Island. The mother is resting fairly well, and the children are in good condition. Ole Gustaf Malde, 70, of Flossmoor, had a cut on his head; Vernie Hargraves, 69, of Centralia has a crushed chest and perhaps a skull fracture; Joseph Duhaj, 29, 709 Abe street, Joliet; Robert Slater, 14, 20 Hillcrest road, Joliet; Frances Coleman, 15, Chicago Heights all given treatment in the hospital.

In the car was the driver, Harry B. Bielinski, 28, of Chicago, a fireman who had chest injuries and was under oxygen Monday, and Patricia Healey, 16, Chicago, with many injuries.

Floyd Tate and Jack Irwin, Cook County highway police who investigated the accident, said that Monday afternoon the driver and owner of the bus had signed a complaint against Bielinski.

BIG JULY 4 CELEBRATION IN BLUE ISLAND

A \$3000 July 4th fireworks display at Community High school's stadium, 127th street and Sacrament avenue, Blue Island, will culminate a program as gigantic as the reason for the Independence date holiday, it was revealed today by Lloyd C. Holmlin, 12756 Western Avenue, general chairman of the Blue Island Lions club July 4th Celebration committee.

The fireworks are just part of the day long free activities which will include a parade of marching bands, amateur and professionally decorated floats and a special children's division as well as tennis and swimming meets, a dog parade and show and the pageantry of crowning a young woman as "Miss Blue Island."

The evening program beginning at 7 o'clock will be emceed by Frank A. Bella, 12758 Wood street, Blue Island, as master of ceremonies. The new queen will be crowned by Fran Ann Kruse, Blue Island, last year's queen. The queen will be presented with a Mexico-red Plymouth convertible and there will be an audience participation award of a 12 1/2 inch television set. The young woman in second place will receive \$300 in cash and in third place \$200. They will be guests at a dinner party.

The girls vying for Miss Blue Island this year are: Alice Pierce, Chicago; Jennie Gonzales, and Jo Ann Carlson, Calumet Park; Edith Irene Sohm, 17251 66th Court, Tinley Park and the following from Blue Island: Caryl Crouse, Harriet Wallace, Donna Busch, Carole Sill, Helen Smith, Marion Mercedes, Gerry Wendler, Mary Lu Pellegrino, Helen Kluth and LaVerne Fischer.

Talented entertainers from the Garrett Twins school of music and the Austin Grenadiers drum and bugle corps and the Ardennes American Legion band are on the program preceding the pyrotechnic display arranged by Gordon Postwell, 2513 Lewis Street.

Memorial Park, Highland and Burr Oak avenues and Central Park at Gregory and High Streets will be open all day for picnickers, announces Edward C. Maroney, president of the Blue Island park board. The parade will start at 2 p.m. from Grove street and Western avenue going north on Western, proceeding south on Cicero.

Lenox, Mokena, Frankfort, Matteson, Richton Park, Grant Park, Chicago and Rockford, Ill.; and from Munster, Highland, Gary, Hammond and Griffith, Indiana.

The proposition were 287 votes and against 529 with 23 spoiled ballots. In Palos township the vote was: South Palos, 217 for the proposition and 16 against; North Palos, 100 for and 16 against.

Committee Plans For Homecoming to be at Mokena Aug. 18-20

According to Alfred 'Joe' Hatch, general chairman of the Homecoming Committee, plans are well under way for Mokena's annual Homecoming celebration to be held Friday, Saturday and Sunday, August 18, 19, 20.

With the announcement of date for this event, Norvall Robinson, chairman of the parade committee, stated that the parade on the final day of the celebration will be the largest ever given in Mokena. He added that already several merchants and business places have pledged a place in the parade. Anyone wishing to enter a float, decorated bicycles etc. are to contact Mr. Robinson as soon as possible.

The Homecoming committee itself stated that they have compiled a list of prizes to be given away throughout the celebration that surpasses any put up in former years.

Entertainment will be of the highest calibre, displays of merchants and individuals will be much greater, and the theme of the event can be described in one word: "Progress."

Your local newspaper will issue its usual special edition on Thursday, August 17, fully covering the growth and progress of the community. After publishing last year's edition, it was entered in state competition in the IVPFA contest last spring, and the News-Bulletin walked off with first prize for a special edition in the state. The first of this week Mrs. Semmler, publisher, received word that the newspaper had also won first place in the national competition.

Maybe we are blowing our own horn, but we'll blow it even louder for the Homecoming in the issue of Thursday, August 17.

2 Dead, 2 Injured in Accident on Cicero

Peter Melonas, 65, of 70 East 104th street, Harvey, was killed instantly, and Gus Aust, 60, of 80th avenue and Lincoln Highway, Lincoln Estates, was fatally injured in an early morning accident, June 20 at Cicero and 175th street.

It was reported that Melonas, who was driving alone, went through the stop sign at the corner and collided with the Buick car driven by John C. Fitzpatrick. Riding in the car with Fitzpatrick were his son Eugene 27, and his father-in-law, Gust Aust. They were on their way to work.

All three men were injured and were removed to the Oak Forest infirmary by the police. Aust died there the next day. The other men had their teeth knocked out and suffered other injuries. State police conducted the investigation and an

Graduates of 50 Years Ago

We have heard so much since the first of the year about the 'turn of the century' and now about graduates, so it seems quite appropriate to present a group of graduates at 'the turn of the century.'

The above picture shows a class which was graduated June 16, 1900 from the grade school at New Lenox, eight in number. Quite different from the number which were graduated from the new grade school at New Lenox this year, 50 years later.

In the picture are, seated, left to right, Alma Schumh Hinpeter and Florence Gillett; standing Ella Seales Brown, Mable 'Ollie' Walters Hart, Elmer Willis, Leigh Jones, Laura Jones Morris and Myrtle Seagriff Petticoat. Three have died, Ella Brown, Elmer Willis and Myrtle Petticoat.

This picture was brought to light at the open house held last winter in the Semmler home in Mokena honoring one of the class members, Mrs. Mable Hart who has attained noteworthy position in Hollywood in the theatrical and movie world. It is seldom that classmates have the opportunity to meet after 50 years such as they did at the open house. Not only classmates met, but former New Lenox friends, which included 92 year old Mrs. A.

Home Bureau News

The Frankfort-Mokena unit of Home Bureau met with Mrs. Louis Lauffer Tuesday.

A film, "Water, Friend or Foe", was shown by Miss Mary Cermak of the Health Education department.

"Wills and Inheritance Laws" was the topic of the major lesson given by Mrs. Robert Neiman and Mrs. Elmer Bornet. Two bulletins giving additional information were given each one present.

The next family party will be held in September with Mr. and Mrs. Roy Kohl. The July meeting will be held with Mrs. Wilbert Lauffer, July 18, starting at 1:30 with dessert-coffee.

IN HOSPITAL

Robert Schlacks of Mokena is a patient in St. Joseph's hospital in Joliet. He is scheduled to undergo surgery.

Mrs. John Kay of Lincoln Estates Died in Chicago

Mrs. John Kay of Lincoln Estates, who has been ill a long time and who underwent surgery several times, passed away Saturday evening, June 24 in the home of her daughter, Mrs. Delores Neal in Chicago.

Born in Germany, 47 years ago, she came to this country at the age of 15. After her marriage she and Mr. Kay lived near the Dells of Wisconsin where they operated a summer resort. Following that they moved to Chicago where she was well known for her excellent work at the Erie House. For the past ten years they have lived off and at Lincoln Estates and two years ago made their permanent home there.

She is survived by her husband; daughter Mrs. Neal; two sons, John Jr., and Robert; a grandson Ricky and two sisters in Germany.

Funeral services were held Tuesday afternoon in the Erie House in Chicago with burial in that city.

Inquest was held June 22, at the Hursen funeral home in Chicago. Aust was buried at Woodlawn cemetery.

First Steps Taken To Improve Mokena Public School

The Board of Directors of school district 159, Mokena, at a meeting Monday evening, June 26, took steps to make the much needed addition to the present school building.

To accommodate the increasing number of children moving into the district, it is planned to add two modern classrooms with storage space, bookcases, fluorescent lighting and glass blocks above the regular windows.

It is planned to make the gym more usable by installing an acoustical ceiling and by the addition of a kitchen and shower rooms for both boys and girls off the north side of the gymnasium.

The original west entrance will be converted to a principal's office and ante-room. New steel exterior doors will be recessed at the south end of the main corridor to replace the present doors which are badly in need of repair.

Proposals were received from four bond houses for the purchase of the required bonds, were received. Voss & Co. of Chicago were the successful bidders.

Madden & Connor, school architects of Harvey were retained to prepare the necessary drawings.

Ott-Rutter Wedding June 24 in Lockport

The First Congregational church of Lockport was the scene of a lovely summer wedding, when Miss Elaine Ott, daughter of Mrs. Marie Ott of Lockport and the late Edward Ott, became the bride of William Rutter, son of Mr. and Mrs. George Rutter of Joliet, at an eight o'clock candle light ceremony Saturday evening, June 24, with the Rev. Milton Heitzman officiating.

The bride's sister, Miss Francis Ott was maid of honor while Miss Maxine Johnson and Mrs. Frank Barnes were bridesmaids. Don Carter was best man; the ushers were Raymond Rutter of Joliet and Virgil Rutter of St. Louis.

Miss Phyllis Hedstrom of Joliet, played a program of wedding music preceding the ceremony and Elmer Rowley, uncle of the bride, sang "At Dawning," "Because," "I Love You" and, during the ceremony, "The Lord's Prayer."

Candle lighters were Misses Carol Warner, Jean Larsen, Phyllis Bjorkman, and Mrs. Loma Beth Berglund. Miss Joan Sterling was in charge of the guest book in which more than 300 names were registered.

The wedding gown was of imported French lace over white slipper satin, floor-length, with finger tip veil. The fitted bodice was attached to a full skirt styled with two tiers of scalloped lace and satin girdle. She carried a bouquet of white glads and roses.

The maid of honor wore green made identical to the bride's dress and carried a colonial bouquet of yellow flowers. The bridesmaids dresses were also identically fashioned, one of orchid and one yellow. The attendants head dresses were small caps of orchid and yellow flowers.

The bride's mother, Mrs. Ott, wore a black print bemberg crepe over satin, with white accessories and corsage. Mrs. Rutter wore pink crepe with white accessories while Mrs. C. G. Rowley, the bride's grandmother was dressed in navy sheer with white accessories.

At the reception which followed in the Ott home, Misses Joyce Burt and Lou Robinson served coffee and Miss Lois Ward, the punch. Miss Ruth Rowley cut the wedding cake. The buffet luncheon was served from a table decorated with green orchid and yellow. More than 250 guests attended the reception.

When the young couple left for a southern honeymoon, Mrs. Rutter was wearing a brown and white ensemble.

After the summer vacation, they will live at Bloomington where the groom will continue his schooling. The bride has recently been employed at the Thomas L. Reed Co. of Joliet. She is a graduate of LTHS and of Joliet Jr. college.

Mrs. M. Novitske Homer, Died Sat.

Bartel Andresen, 91, Died in Montana

Bartel Andresen, pioneer resident of Homer township died in the Trinity hospital at Wolf Point, Montana June 20, following a short illness.

Mr. Andresen who was born near Hadley in Homer township over 90 years ago, on October 19, 1859, was engaged in farming until his retirement a few years ago when he moved to Montana to live with his son.

In 1892 he was married to Miss Emma Schultz. To them were born 17 children, six of whom preceeded their parents in death.

Surviving are Bartel W. and John R. of Montana, George of New Lenox, Henry of Orland Park, Arthur of Frankfort, Mrs. Emma Orschel, Mrs. Amanda Lowry, Mrs. Hazel Guzaits, of Chicago, Mrs. Dora Whalen of Knox, North Dakota, Mrs. Minnie McDonald of Tigard, Oregon and Miss Alma L. Andresen of Seattle, Wash.

Also 16 grandchildren and six great grandchildren. Funeral services were held Sunday afternoon in the Hirsch chapel, Tinley Park, with the Rev. William J. Riemann officiating. Interment was in Hadley cemetery.

DR. REAVIS ASKED TO CONDUCT EAST-WILL CO. SCHOOL SURVEY

At a recent meeting of school representatives from New Lenox township, Frankfort township, part of Manhattan township and part of Jackson township, it was agreed that Dr. W. C. Reavis, of the University of Chicago, should be consulted to get a non-partisan opinion on the advisability of building a community high school for the area.

High school pupils from the area now attend schools in Joliet, Orland Park and Chicago Heights, their tuition being paid from taxes levied on non-high school districts. This plan must be abandoned in 1953, when non-high areas are abolished by law.

The two practical solutions for high school education after that date are to annex non-high areas to adjacent school areas that maintain high schools or to build a new high school to serve the pupils from non-high areas. Evidence is that the tax costs of the two schemes are comparable, and the problem is to choose the solution that will best serve the children and the community.

A torrential rain and wind storm coming from the west swept thru a wide area in this section Saturday afternoon. A great amount of damage was done in the short time the storm lasted.

All the way from Joliet, through Frankfort, Mokena and Orland Park, trees were blown down, and water flooded streets. The power lines servicing the west side of Joliet put a large area out of service.

In Frankfort, trees were down, and barn doors were broken; at Mokena, many trees fell, taking power lines with them. Lightning struck the kitchen sink in the Tauber home. Mr. Tauber nearby was just missed. Little damage was done. At the Roy Erdman farm, west of Mokena, four trees were blown down as well as their two car garage.

In Homer township there was some hail in with the wind. Lightning did some damage to the Edward Daley barn. Trees were down and telephone and electric light service was out of working order.

At Orland Park a tree was blown down at the village hall across electric power lines, shutting off the power, village water was shut off and the fire given disconnected.

A tree in front of the home of Rose Enders fell across power wires and disconnected the current in her home; trees were blown down and across the roads at the Merrill Cooper and Ray Myrick on First street; an apple tree was uprooted at Harry Helting's; many trees in the forest preserves were shattered and the branches were flying in every direction, one which was struck by lightning partly fell across the roof of Mrs. Adele Cooper's home; the west side of the roof was blown off of the home of Mrs. Mable Pruest; part of the garage roof of Charles Stewart's was taken off; the chimney on the home of Charles Doctor was blown down.

Part of the roof on the large barn at the Emil Doctor's farm was taken off, and the chimney at the Putz Service station fell in such a way it caused the heavy rain to flow into the basement flooding it so deeply that the water poured out from the basement windows.

Wind damaged a barn on the premises of Gilbert Sayers; a corn crib belonging to Donald Doctor was blown over. Several basements were flooded and telephone service was out at various points for several days.

No one was injured and luckily no fire calls were necessary. The storm lasted about a half hour. Public Service and telephone crews worked for several days restoring service to normal.

Two sections of roofing, one south and one north wing, at the Vista motel on Wolf road near 159th street, was blown off. It was taken, with the nails intact, across the road into the Lester Sayers corn field. The water seeping into the motel caused damage to the carpeting and furniture. A temporary roof was installed at once.

How Many of YOUR Friends and Relatives Will Die Over the July 4 Holidays?

Don't make your steering wheel a wheel of chance - because you bet your life!

That advice came from the National Safety Council as the nation approached the Fourth of July holiday, one of the most dangerous periods of the year.

With traffic fatalities on the increase this year—up 9 per cent so far—the Council is coordinating a nationwide campaign to hold down the usual upsurge in Independence Day accidental deaths. One hundred and sixty-three national organizations, as well as state and city public officials, are cooperating in the effort.

Last Fourth of July almost 700 persons were killed by accidents of all kinds during the three-day holiday. Many more died later as the result of injuries received during the celebration. Traffic accidents were the chief killer, alone accounting for about 300 deaths.

The Council expects more pleasure-seeking motorists to pile into more cars and roll up more miles on this holiday and the weekend preceding it than ever before in the country's history. For many it will be a four-day vacation. More than 36 million motor vehicles will be on the move.

The increasing number of new cars on the road and the substantial rise in gasoline consumption this year indicate a heavy death toll—unless everyone is fully aware of the holiday hazards and makes a real effort to avoid them.

"Holidays are hazard days," said Ned H. Dearborn, president of the Council. "When you take a chance on the high ways you are gambling—and the stakes are human lives. You can't afford to lose in this game."

"Police and those who have authoritative control over public safety will be especially alert and vigorous in their enforcement of sane rules of public behavior. But they can't police every mile of every highway. The individual must police himself."

"If everyone would keep in mind the words 'Take It Easy on the Fourth—Be Alive on the Fifth,' this Fourth of July would bring much less tragedy and much more pleasure."

Finger-Tip Farming!

A fellow came into the store the other day singing, "No more 'rasslin' a walking plow or tramping in the dust."

"Feeling your oats today?" I says.

"I sure am! I like my Farmall Cub tractor and its fingertip Touch-Control for all the implements."

I couldn't help laughing when I answered, "Yessir, there's nothing like fingertip farming."

I also mentioned, "When your Farmall Cub needs a little service, I'm right here to take care of you."

Announces Easy Way to Kill Crabgrass

Availability of a new and revolutionary dry-applied powder which kills crabgrass but does not harm desirable lawn grasses was announced today by Tinley Park Hardware dealers for O M Scott & Sons Co., lawn specialists.

Developed by Scotts Lawn Research, the herbicide eliminates spraying, hand pulling and other bothersome methods used in the past to combat this hard to eradicate eye sore. The new material, called SCUTL, is simply scattered over the infested area by hand or with a two-wheeled spreader. The particles of powder fasten themselves tightly to the broad crabgrass blades which absorb the chemicals.

The plants wither and die.

SCUTL is a green colored, lightweight material, easy to handle and almost dustless. It does not harm pets or birds in normal usage and will not damage flowers or shrubs unless almost deliberately administered.

From experiments conducted by leading agronomists, as well as private lawn owners in the past several years, the producers of SCUTL have learned that it is best applied when crabgrass is flourishing, usually in July and August. The treatments should be made before the crabgrass has an opportunity to drop the seeds that will live to plague the lawn in future years.

TREATED: Beautiful turf because SCUTL stopped the Crabgrass.

UNTREATED: Demon Crabgrass smothering the desirable grasses.

DRAMATICALLY NEW!

IT'S THE Westinghouse

FROST-FREE Refrigerator

*Defrosts so Fast
Ice Cream
Stays Hard*

**NO MORE Frost Scraping!**

Westinghouse "Frost-Free" ends forever this annoying chore — because there's never any frost to scrape! The "Frost-Free" defrosts itself before frost builds up. It's the world's first and only refrigerator that automatically defrosts itself, when, and only when, defrosting is needed. So, throw away your "frost-scraping" tools—you'll never need them again!

NO MORE Water to Empty!

That means no more floors to mop, no more refrigerator mess to clean when defrosting is done. The defrost water—what little there is of it—just disappears—it's automatically evaporated! This great, new Westinghouse "Frost-Free" is so amazingly and automatically efficient, you'll never even know when it's defrosting. All you'll know is it's wonderful!

NO MORE Food to Remove!

Never again will you need to remove all your frozen foods before defrosting—wait three or four hours—then put the foods all back—and hope they didn't thaw! And never again will you need to let your frozen food supply run out before defrosting—Westinghouse "Frost-Free" automatically defrosts itself so fast your frozen foods—even ice cream—stay BRICK-HARD all the time!

THERE'S NOTHING TO TOUCH..NOTHING TO DO..**Just plug it in and use it!**

Seek to Restore Lincoln Highway

Active cooperation in the drive for the restoration of historic Lincoln highway, U. S. Alternate 30, was pledged recently by the Chicago Motor club.

"The rescue of this famous old artery of travel from Geneva to the Mississippi should and must rank

as a primary project in the Illinois highway improvement program," Chas. M. Hayes, president and good roads pioneer, declared in a message to the club's Fox Valley Council, meeting in St. Charles.

"We have just completed an intensive engineering study of the route. The results are astonishing. They show stretches of perilous, 16-foot pavements on more than 18 miles of this main communication

line of the Fox and Rock Valley communities. They reveal lack of improvements on some parts of the road since it was constructed back in 1919 and 1920. Sharp curves, narrow safety shoulders, broken ragged pavement and localized congestion make the old road a death trap."

The fact that the route in DuPage, Kane, DeKalb, Ogle, Lee and Whiteside counties has an annual average of 175 serious traffic accidents and is charged with six deaths in a typical post-war year is sufficient to warrant immediate action for its repair, he pointed out. The old road is generally in such bad repair that all but local traffic avoids it in favor of parallel routes, U. S. 30 and Ill. 64.

The club's study reveals that Alt. Route 30 now carries an average of fewer than 1,000 vehicles a day over its entire length, as compared to 2,500 daily on its newer, parallel road, U. S. 30. West from Geneva the count shows 1,150 vehicles moving in 24 hours. Traffic takes a surprising jump to 2,300 daily entering and leaving DeKalb. It dwindles to 1,400 at Rochelle, and less than 1,000 daily at Ashton, climbing again to 1,800 at Dixon and 3,000 at Sterling where it joins U. S. 30.

The traffic demand, despite the present dangerous and obsolete condition of the Lincoln Highway, indicates its importance as a local artery and its urgent need for repairs all along, according to engineers.

Leaders in Illinois cities and towns along its length, have announced that they are seeking a new, super-highway to serve this local necessity. They demand the repair and restoration of the present route, elimination of dangerous curves, widening and re-surfacing where needed and provision of a safe and comfortable road service.

In some locations users favor bypass routing to skirt the center of towns and cities for the restored road. They point to the increased dangers and disadvantages of heavy through truck traffic on trunk line highways pounding through main streets day and night, and favor, instead, a safe, comfortable local artery.

The famous old Lincoln Highway connection originates with Roosevelt road in Chicago and leads west over fair to rough four-lane pavements through Wheaton. On this formerly improved section, one of the first divided highways, separating traffic by a median strip, pioneered the divided highway idea in the early 1930's. The four-lane concrete road, with some bituminous resurfacing, extends 15.23 miles in DuPage and Kane counties.

Continuing in Kane county the road for 15 miles is old concrete, laid in 1920 and 1921, and 18 feet wide. Seven miles of the old pavement in DeKalb county in 1920 is 18-foot slab, broken and dangerous, and nine miles remain 15-foot brick pavement, widened with a 5-foot concrete strip in 1932. In Ogle county the road continues over narrow, 16-foot concrete, constructed in 1920 for 9.46 miles, and boasts six miles of 18-foot and 20-foot pavement, laid in 1920 and 1932.

The perilous old 16-foot pavement extends for 8.56 miles into Lee county, joining 8 miles of 18 foot pavement constructed in 1938, and some five miles of 20-foot pavement done in 1932-33. In Whiteside county the route offers 4.33 miles of 2-lane, 18 foot concrete and 1.90 miles of newer, 20-foot concrete.

REPORT GROUP'S DECISION OF HOOVER REPORT

The Illinois Citizens for the Hoover Report, 79 West Monroe Street, Chicago, state their opinion of that Report as follows:

THE BIPARTISAN HOOVER COMMISSION FOUND—That it costs the Post Office two and one-half cents to print and deliver a penny postcard, of which 85 per cent are used for business purposes.

—That working for the Government is so unattractive that 500,000 Federal employees voluntarily resign each year after being on the job only a short while. Replacing them is expensive.

—That some Government bureaus maintain stocks of supplies sufficient to last 50 years.

—That the Government owns \$27 billions in inventories and no one agency has any central record of where or what they are.

—That the Bureau of Indian Affairs employs one person for every 32 Indians under its jurisdiction.

—That the Government owns 848,567 typewriters, or 3.6 machines for each of the 235,000 typists and stenographers on the payroll.

—That the Veterans Administration takes five times longer to pay insurance claims than private companies, and uses four times as much manpower per policy.

—That it costs the Government from \$20,000 to \$51,000 per bed to construct hospitals, compared with an estimated \$16,000 per bed for private hospitals.

—That Veterans Administration rules fill 88 manuals, 665 technical bulletins, 400 circulars.

—That the Department of Agriculture has at least ten field service units that work with farmers at the county level. In one Georgia county, 47 employees of seven different bureaus were servicing 1,500 farmers, or one Government employee for every 32 farmers.

—That two different Government agencies, the Army Corps of Engineers and the Bureau of Reclamation, each surveyed dam sites a mile apart on the same river and made cost estimates that differed by \$75,000,000. Each survey cost \$250,000.

Experts estimate that, if all the bipartisan Hoover Commission recommendations for streamlining the Government were adopted, that \$3 billions would be saved annually. This is an average of \$100 per taxpayer.

The major Government agencies average one personnel worker for every 78 employees, according to the bipartisan Hoover Commission.

More than 40 Government agencies render some medical service to one or another group of citizens, according to the bipartisan Hoover Commission. More than 24,000,000 persons are entitled to some degree of direct Federal medical care. The Commission recommended that the major health care resources of these agencies be united under one medical administration.

WILLIAM MARTIN POST NO. 725

Commander Glenn Peterson served a nice buffet lunch after the last meeting. The boys must have been real hungry because there was not one silver left. The attendance was the best we have had at a regular meeting in months. Keep it up fellows, it's much nicer for the Commander, and more voices are heard on important issues.

Comrade Robinson is committee chairman for the next dance which is on July 22. Plan now to attend this one, it's going to be "IT." A popular band will be engaged and if the public wants this kind of entertainment now is your chance to express your desires by attending this one. If your patronage warrants it, we will not depart from high class bands, except for an old time of square dance once in a while, and then the bands will be good.

Comrade Steinhagen is on a fishing trip up in Minnesota. I warned him to watch out, reminding him what happened to me up in the north country. Fish is not all there is up there. He went anyway, and alone.

Commander Peterson appointed Comrade Horras, Werner and Muller on the Homecoming Committee and Comrade Robinson on the parade committee. Need more be said!

ANOTHER STRIKE

AGAINST THE PUBLIC AND INDUSTRY AND AGRICULTURE SERVED BY FIVE WESTERN RAILROADS

President Truman's EMERGENCY BOARD recommends a 40-hour week and a pay increase of 18 cents an hour, or \$1.44 a day for switchmen represented by the Switchmen's Union of North America.

• Notwithstanding the tremendous increase in their expenses involved, the

Railroads' answer to Board is ...

Union leaders' answer to Board is ...

In face of Board findings to the contrary, union leaders insist on 48 hours pay for 40 hours work. This would be an average increase of 31 cents an hour, or \$2.48 a day. So Union leaders have called a completely unjustified strike on 5 Western railroads, effective June 25.

On June 15, an Emergency Board appointed by President Truman under the terms of the Railway Labor Act recommended the railroads grant switchmen a 40-hour week and a wage increase of 18 cents an hour, or \$1.44 for an 8-hour day.

Despite the added financial burden involved, the railroads are ready to accept these recommendations, as they have always accepted Emergency Board recommendations on national issues.

But the leaders of the Switchmen's Union refuse to accept! They demand an average increase of 31 CENTS AN HOUR OR \$2.48 A DAY—although their present earnings are substantially higher than those of workers in other industries!

Board Says Demands Unjustified

In its report, the Board declared this demand unjustified by all the evidence presented. It also pointed out that it would give the switchmen an unfair pay advantage over other groups of railroad employees, and would add too great a burden to railroad costs.

Here is another case of a railroad union flouting the findings of an Emergency Board—another case of calling a crippling

strike in an outrageous and reckless attempt to force demands which the Board clearly labels as unjustified!

Leaders of the Switchmen's Union are calling this strike in defiance of the Board—in defiance of the facts—and at the expense of the public!

In its report on this case, the Board made this statement:

"The railroad industry, the Board believes, needs above all else a period of relative stability to adjust and adapt itself to present competitive post-war conditions."

Despite this warning, the leaders of the Switchmen's Union are upsetting the apple-cart—forcing a completely unjustified strike against everybody who uses the railroads.

FIVE WESTERN RAILROADS AFFECTED BY THE JUNE 25 STRIKE

The five railroads affected by this strike, which goes into effect at 6:00 A.M. local time, Sunday, June 25, 1950, are:

Chicago Great Western Railway Company
Chicago, Rock Island & Pacific Railroad Company
The Denver & Rio Grande Western Railroad Company
Great Northern Railway Company
The Western Pacific Railroad Company

It is time to put an end to such un-American tactics!

The Answer to a Raw Attempt At Dictatorship is "No!"

In the interest of the public who depend on the railroads every day, there can be only one answer to this outrageous and dictatorial action by the leaders of the Switchmen's Union. And that answer is—"NO!"

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

'ELSIE' WILL BE AT THE FAIR

Elsie the Cow, famous bovine beauty of the Borden company, will make her longest personal appearance in a decade this summer at the Chicago Fair of 1950, it is announced by Crosby Kelly, executive manager of the lakefront exposition.

A favorite during the first year of the railroad fair, Elsie returned to the city's lakefront June 24 as the principal feature of the Borden company exhibit. With her husband Elmer, and their calf-son, Beauregard, she will appear from opening day through August 27.

A new boudoir has been especially designed so that Elmer, a huge Jersey bull, could join his spouse. The boudoir, so sumptuous that it recently drew the scorn of a Russian humor magazine, houses the three animals in splendor. Among the furnishings are twin beds for Elsie and Elmer, portraits of ancestors on the walls, and Elsie's famous "cowsmetics."

Further improvements permit spectators to view the exhibit from ground level or from a special elevated ramp. In this manner a smooth flow of traffic is achieved during rush hours.

Elsie, Elmer and Beauregard will come to the Fair after appearing at Kansas City, Mo., at that city's Centennial Industrial exposition.

In addition to Elsie, the Borden company exhibit will include dairy, educational and product display.

Soybean Ass'n. to Meet August 28-30

The American Soybean Association's 30th annual convention will be held at Springfield, Ill. Aug. 28, 29 and 30.

Springfield lies in the heart of the heaviest soybean-producing area in the nation, and at the same time it is central geographically to all parts of the soybean belt north and south.

All general meetings will be held in the Illinois State Armory where exhibit space is open to firms serving the industry. Hotel accommodations will be furnished by the Leland and Abraham Lincoln hotels.

Illinois is by long odds the nation's leading soybean producing state, producing and processing well over a third of the national crop each year.

Black and White

Lesson for July 2, 1950

A GROCER in Minneapolis received a letter from a former customer who had left the city owing a large grocery bill. "I have been converted in a revival here," the letter said, "and I want to make everything right in my life that has been wrong." Enclosed there was a certified check for the old bill. The grocer wired back: "Who was the evangelist who converted you? We need him in Minneapolis."

Conversion is God's operation on the heart. No one can actually see the heart, but if the operation is successful, the symptoms of disease will disappear and the symptoms of health can be seen by any one. The patient is a new man.

Jacob Black

PERHAPS the most notable case of conversion in the Bible, aside from the Apostle Paul, is the man named Jacob. His life is a study in black and white; up to a certain point hardly anything good could be said of him, but after that point he can hardly be accused of anything bad.

All his younger days he was principally noted for giving trouble to other people and "doing them out of" something he wanted for himself. First he tricked his older brother into selling him the family birthright, for the ridiculous price of a bowl of soup (pottage).

You would not think any one would sell his birthright; but Jacob caught Esau when he was dog-hungry. . . . Then we see him outsmarting his brother again by birthright; Jacob was by that time a shameless liar and thief. It became so hot for him at home that he had to leave town.

We have a glimpse of him on his journey, dreaming about a ladder to heaven. Evidently his conscience did not trouble him. Indeed, he proceeds to bargain even with God; if God will prosper him, he says, he will see that God gets ten per cent. God did indeed prosper him; but he grew no better for it.

The rest of his life, for the next twenty years, is one piece of trickery after another, he and his uncle Laban taking turns trying to outsmart each other, with Jacob usually coming out ahead.

Jacob White

THINGS came to a climax on the night when Jacob, fearing death at Esau's hands, arranged his family to go ahead of him, keeping himself in the safest place in the rear . . . and there at last he came face to face with God.

The story of his all-night struggle at the brook Jabbok is a strange one; but one thing is certain. After that night even his name was changed, for the man himself was a new man.

He is patient in trouble, no longer resentful. He is not only a good man himself, he does his best to help others. He conducts what can only be called a family revival; he persuades one and all to give up the idols they had been worshipping and turn to the one true God. He offers sacrifices, like his fathers before him.

He goes down into Egypt at last, a humble man, no longer the conceited young crook he had been when he went to Padan-Aram. He depends now on God and not on himself.

The God of Jacob

A FAMILIAR Psalm carries this refrain: "The God of Jacob is our refuge." Why the God of Jacob, not Abraham nor Isaac? Well, if it were only the God of Abraham, most of us might as well give up. For Abraham was a great genius, a man such as appears scarcely once in a century. Or if he were the God of Isaac only, we would be led to think of him as caring especially for the weak-minded, the lame and the lazy. But Jacob—just a plain man full of meanness? Yes; the same God who changed him can change the meanness of us.

The real test of religion is not what support it can give to noble souls, or what comfort it gives to the weak. The real test of religion is: Can God turn black into white? Can God take an ordinary, conceited, slippery customer and make a good man of him? The God of Jacob can do this; and he is the God most of us need.

New Berry Variety Will Resist Rust

Vermilion, an important new variety of strawberry, has just been released by the Illinois Agricultural Experiment station. It will be come generally available to growers within the next few years.

This variety is especially important because it is resistant to red stele root rot, a soil-borne disease that has nearly eliminated strawberry growing in some states.

Dr. A. S. Colby, University of Illinois College of Agriculture small fruit specialist, developed the variety after years of careful crossing and selection. It has been named after the town of Vermilion in Edgar county, where much of the commercial testing was done.

In this new strawberry, Colby has combined the characteristics of disease resistance, good shipping quality, and delicious fruit to make Vermilion ideal for both commercial and home gardens, particularly those on heavy soils.

Illinois growers will find that the fruit matures in late May to mid-June. Vermilion berries are of higher quality than the fruit of most varieties. They are medium to large round to round-conical in shape, smooth, very glossy, medium red, evenly colored, and very attractive. The berries are well formed through the approximately two-week harvesting period. Yields are as high as or higher than those for most other varieties.

Foliage of the Vermilion is resistant to leaf spot, leaf blight and leaf scorch.

Commercial growers will be interested to know that the Vermilion berry ships well and consequently makes a fine display in the retail stores.

Only a limited number of Vermilion plants are now available Colby said. These are being distributed to growers in Edgar county, where red stele root rot was first discovered and where the farm bureau and growers have been cooperating in carrying out the breeding program. The University has no plants for sale. However, stock will be available from cooperating nurserymen.

MOLECULAR MISS — All matter is composed of molecules, but, according to scientifically-minded members of the Acacia Fraternity at the University of Southern California, the molecules are better assembled in some cases. The fraternity selected actress Ruth Roman, above, to prove the point, awarding her the honor of possessing "the most attractively arranged mol." in Hollywood.

Crimson clover will grow satisfactorily only in the extreme southern part of Illinois.

Burning one ton of ornamentals wastes as much nitrogen as is contained in 15 to 18 bushels of corn, report University of Illinois agronomists.

CARD OF THANKS

I wish to extend my sincere thanks to my many friends for their acts of kindness shown me while ill in the hospital and since at home. Also my hearty thanks for the cards, flowers and gifts.

MRS. OLIVER KIESLAR

Mr. and Mrs. Kenneth Benson entertained in their home Thursday evening in honor of the birthdays of their son and daughter. Kenneth Jr., was two on June 22 and Deborah was one on the 25th. Large Hopalong Cassidy balloons

decorated the living room. The children received many lovely gifts. Refreshments were served to the following guests: Mrs. Erwin Waring and Carol; Mrs. Anton Benson; Mr. and Mrs. Harley Gillette and Dick; Mr. and Mrs. Arthur Benson; Mr. and Mrs. James Murphy and family; Mrs. Ed Lauffer and daughters Bonnie and Susan; Mr. and Mrs. Joe Bernardin and daughter Cathy; Susan Benson and Phyllis Hacker all of Mokena.

Mr. and Mrs. Frederick Whitlark and Marianne returned Saturday from a 17 day vacation and business trip in Wisconsin at the home of their son, Dr. and Mrs. Frederick Whitlark at Amery, Wis.

Mr. and Mrs. James Murphy of New Lenox have moved back to Mokena to their home on McGovern street.

Mr. and Mrs. Kenneth Benson and family accompanied Mr. and Mrs. Gordon Swanson and son Freddie to Joliet Sunday where they attended the annual homecoming at the Lutheran home for children where Mrs. Benson spent her childhood. All had a pleasant time.

Mr. and Mrs. Ramond Westlund and son Dale returned Friday from a week's vacation at the Recharge summer resort at Algonquin.

Mrs. Lawrence Miller of Joliet is staying in the home of her son Harold until Mrs. Harold Miller and new son return from the hospital. Mr. Miller is enjoying a 2 weeks vacation from his work at the Johnson Ink company in Chicago.

Miss Audrey Niethammer is spending this week with her aunt, Mrs. Ruth Schneider.

Mrs. Jessie Sippel attended the wedding of her niece Nancy Garratt held in Chicago Saturday.

Mr. and Mrs. Fred Cappel and Mr. and Mrs. Richard Sippel and daughter Sarah are vacationing 2 weeks at Back-O-The-Moon, at Grand Rapids, Minn.

Miss Alburn Steele is substituting for Miss Mary Betty Minor at the Tinley Park Times office in Tinley Park while Miss Minor is on a vacation in Earlville, Ky.

Mr. and Mrs. Joe Hayden and Joellen and Catherine and her mother Mrs. Martha Hall of Lexington, Ky., are visiting with Mokena friends the past week. Mr. Hayden is a radio technician at the airport in that city. They were over night guests in the Semmler and Lester Schlek homes and dinner guests of the Byrons Nelsons and the Fred Browns.

Miss Adeline Semmler was candlelighter Sunday afternoon at the wedding of her friend, the former Miss Agnes Cole and Robert Peck in the Second Presbyterian church in Joliet.

Donna Jean Bueschel, daughter

of Andrew L. Bueschel was among the 233 students who were graduated June 3 from the Lake Forest college.

Mr. Hugh Deadmore was confined to his home the past week with illness.

Mrs. Oliver Kiesler who has been a surgical patient in Silver Cross hospital for many weeks returned home last Wednesday and is improving nicely.

Mr. and Mrs. H. Byron Shaw of Evanston spent Sunday with her brother, Mr. and Mrs. Harland Merrill and family. Together they motored to Starved Rock where they enjoyed the day.

Mrs. George Reid had the misfortune to slip on her basement steps Monday and fell down the stairs. She will be confined to her bed for two weeks suffering a concussion of the brain by the fall.

Mrs. Lucille Dondore, of Minneapolis, is a guest in the home of her cousin, Mrs. Albert Cappel. Her niece, Connie Morgan and friend, Hope Zimmerman left last Monday for Sherburn, after spending two weeks visiting.
